

GIVE DAD ENDLESS GRILLING PLEASURE WITH THE BARBECOOK® MAJOR CERAM

Father's Day is just around the corner and what better way to surprise him than with a wonderful barbecue feast?

The Belgian barbecue producer barbecook® is only too delighted to present its **charcoal barbecue Major Ceram** as the ideal and original Father's Day present par excellence.

Our charcoal barbecues are the **easiest and safest in the world**. That's a bit bold? Discover why we can lay claim to that title!

READY TO GRILL IN 15 MINUTES

QuickStart® is a unique lighting system designed by barbecook®:

1. ✓ Insert 3 double sheets of newspaper in the lighting tube
2. ✓ Pour some charcoal into the burner box and light the newspaper
3. ✓ After 15 minutes your barbecook® is ready to grill, without using harmful lighting products!

STABLE, SAFE AND CLEANED UP IN A JIFF

Our **QuickStop®** is also unique in barbecueland. Water in the base of your charcoal barbecook® ...

- ✓ provides extra stability
- ✓ extinguishes burnt ashes
- ✓ extinguishes the charcoal should the barbecue fall over
- ✓ allows easy cleaning of your barbecook®

Barbecook®, and the feast can commence!

Our Major Ceram is **enamelled** (rustproof and heat resistant, maintenance- and price-friendly). Just like our charcoal models it is also available in high-grade **stainless steel** (rustproof, unbreakable and maintenance-friendly).

Interested? Find the address of your nearest supplier at <http://www.barbecook.com>. There you can also find our extensive range of accessories:
