

PRESS RELEASE

April 2009

MUSICAL BARBECUE

New: the TamTam party barbecue from barbecook

With the TamTam from Belgian barbecue manufacturer barbecook, the party can begin right away! While your dishes are grilling on this gas barbecue, you connect your iPod, mp3 or CD player to the TamTam and... let's party! "TamTamming" is possible anytime and anywhere, for it is compact and light, and therefore great to carry around! The TamTam can be used for a quick bite for two, but also for parties at the camping or on the beach. Its built-in speakers produce a nice full sound. The unique combination of barbecuing and music makes the TamTam a must-have for this summer!

The TamTam comes with a connecting cord for the audio unit and a network adapter. It also works on 4 AA batteries (not included). The TamTam works on universal gas cartridges which are readily available.

For more information and inspiration, visit www.barbecook.com.
