

OUTDOOR COOKING THE WHOLE YEAR ROUND

Barbecue® further expands its All Seasons range

Enjoying outdoor cooking over a fire does not stop after the summer. It is a way of life, the whole year through. Belgian barbecue producer barbecue® has caught on to this trend, providing everything you need for cosy moments around the fire. It has even further expanded its range for autumn 2010.

ENJOYING THAT AUTHENTIC CAMPFIRE FEEL

New is our tripod, which allows you to enjoy delicious food around a campfire in your own backyard. With the tripod, you can grill, cook but also bake pizzas over the fire. A grid, pan or cooking pot is suspended from the sturdy tripod with chains, which are also used for height adjustment. The tripod is easy to install and takes up minimal space. In other words, ideal for grilling in your own backyard or in open fields.

THE MAGIC OF FLAMES

Barbecue® is also launching a new series of fire baskets and fire pits this autumn. They are perfect for warming up around on those chilly autumn evenings, and for dreaming away at the sight of the playful flames. These fire baskets and fire pits can also be perfectly used for grilling.

SURPRISING ACCESSORIES FOR MAXIMUM FUN

Barbecue® is also synonymous with innovative accessories to make your outdoor cooking experience complete. Take, for example, the wooden mouth bellow, a traditional French blowpipe to relight a dying fire in no time. Or the chestnut pan and popcorn pan, with which you can roast your own delicious chestnuts or popcorn over the fire.

RACK AND PALLET DISPLAY UNITS AVAILABLE

Attractive rack and pallet display units of the extensive barbecue® All Seasons range are now available. These great-looking display units will generate additional sales at each outlet.

Be the first to discover all these novelties at the **Spoga/Gafa fair in Cologne** (5 to 7 September). We look forward to meeting you in hall 5.1, stand A 001-002.
